

FOR IMMEDIATE RELEASE

PRECISION TURBO: 2013 ADRL PRECISION TURBO & ENGINE OUTLAW 10.5 CLASS SPONSORSHIP

Hebron, IN – June 21, 2013 – PRECISION TURBO AND ENGINE has been named the title sponsor of the American Drag Racing League's (ADRL) newly-created Outlaw 10.5 class. Additionally, PTE is proud to be an official sponsor of the 2013 ADRL Contingency Program.

"After the tremendous response from our fans about Pro Drag Radial, this seemed like the next logical step," said ADRL President Kenny Nowling. "It was then our job to go out and secure the sponsorship to make it happen, which is exactly what we did." Harry Hruska,

President of Precision Turbo & Engine, agreed. "We're proud to support the classes and organizations where our customers are running. This collaboration has been in the works for quite some time now, and we're glad to see it come to fruition. Overall, the future of the Outlaw 10.5 class is bright and PTE is excited to be on board, giving some of the quickest and fastest a place to show their stuff," he added.

Precision Turbo & Engine will also pay any ADRL Contingency Program participant who uses a PTE turbocharger for a win or runner-up finish in the Outlaw 10.5 class at all events of 2013. As per the ADRL's Contingency Rules, any racer wishing to claim a Precision contingency payout must display a PTE contingency decal on both sides of their car for the entire duration of the event in order to be eligible.

The Precision Turbo & Engine ADRL Contingency Program payouts are as follows:

OUTLAW 10.5 CLASS Winner: \$2,000 Runner-Up: \$1,000

About the American Drag Racing League (ADRL)
